Sounds good! Also fyi I checked the 404 mailbox and we got an rsvp from Louisiana DEQ for the state meeting, so I created a new folder in the outreach folder and popped it in over there

OW Tribal Coordinators:

I am working to draft the next monthly time-sensitive email on OW tribal water information/tribal participation opportunities, with the hope of sending it out late this week. Please let me know if you have any additional information on actions/opportunities/trainings that you would like to include. Any input by COB Thursday, is greatly appreciated. Thank you.
